About This Game

Devoid of all memory, a small pierrot awakens early one Oktober morning, down by an abandoned railway line. Help him navigate his mysterious world, but beware, for the further he wanders from the rigid safety of the railroad, the more unsettling his surroundings become. . .

Genre: exploration/adventure

Game length: 6-8 hours

Ages: 12+

Gameplay:

Railroad tracks is a 2D exploration based adventure game about a lonely circus artist who has fallen into amnesia. The goal of the game is to recover his lost memories. As you progress through his surreal twilight world, certain events and areas evoke vivid episodes of involuntary recollection that recall his unsettling past. And what are those demons that lurk around?

Game instructions:

Movement: arrow keys

Enter/Exit Menu: [X]

Select/Save: [C]

Fullscreen: [Alt] + [Enter]

Once collected, memories can be selected from the in-game menu in order to transport Pierrot back to the place where the memory was initially found. After collecting all 16 memories, endgame is unlocked.

And if you are ever lost, remember: just follow the railroad tracks. . .

Release of CrossCode 0.4:

It's about time! And indeed here we are again, with the update we promised you! Read on to find out more about this release. We also got a small **CONTEST** for you to win a guest role NPC!

Bergen Village. **Developer Update 12:**

Testing, bug fixing and game polishing is running on 100%. The same applies for all sorts of balancing and value adjustments based on gameplay experience. Community testers and us are constantly going through the game writing down notes about bugs

or things that could be improved. In this phase we should have the final build for 1.17 ready within a week or so. If nothing major shows up you will soon have the new update. Now let's talk about the development from this past week.

BALANCING CHARTS. Patch 1.3.16:

- Fixed an error when loading empty custom chapter or level files, preventing the game from loading properly
- Fixed an error when launching a custom level from the level editor resulting in tanks getting stuck in breakable walls

. Massive aTAG:

Good evening.

A heartfelt plea, ladies and gentlemen. We need your help to increase the visibility of our game. It will take you just a few seconds. As a reward, eternal life awaits you. It is worth a try, we swear to God 🤖.

The matter is simple. Please, add the game tags, because it'll help Priest Simulator become more popular. Whichever tags you want. Just a lot 😁.

Thank you in advance. We're back to work. A remastered trailer and new materials need to be uploaded.

Patch - Various hotfixes:

Hey everyone!

We've just released a patch with several hotfixes. See the changelogs here; <http://www.castlestory.net/en/news/6205-076-Patch-Variou-Fixes>

Enjoy :). **A patch will be released in a few days:**

I found a few weird bugs that were missed earlier. I am fixing them now, and want to release a patch fixing them in a few days.

I also will add two hidden achievements.. **Ver. 1.05 Now Available!:**

We have released Ver. 1.05.

This update addresses the following issues:

Bug fixes:

- Young Kagura accessory no longer causes the game to crash when color is changed
- Cut-off text in a Top Secret File addressed (English/French)

Don't forget to download the Hebiyo Character Set and Playable Character Kagura, Naraku & Ryoki Set while they are free!
